

2025 bZ4X XLE AWD

Mileage (km): 50 Average monthly kilometres: 1333

8000 km - March 2027

Factory Recommended

- e-Maintenance #1
- Personalization
- Service Connect Verification (if equipped)

16000 km - September 2027

Factory Recommended

- e-Maintenance #2
- Replace Cabin Air Filter

24000 km - March 2028

Factory Recommended

- e-Maintenance #1

32000 km - September 2028

Factory Recommended

- e-Maintenance #3
- Replace Cabin Air Filter
- Check Heater and Traction Battery Coolants for leaks
- Perform a 12 volt Battery Health Check

40000 km - March 2029

Factory Recommended

- e-Maintenance #1

48000 km - September 2029

Factory Recommended

- e-Maintenance #2
- Check eTransaxle Fluid for leaks
- Brake Fluid Replacement
- Replace Cabin Air Filter

56000 km - March 2030

Factory Recommended

- e-Maintenance #1

64000 km - September 2030

Factory Recommended

- e-Maintenance #3
- Replace Cabin Air Filter
- Check Heater and Traction Battery Coolants for leaks
- Perform a 12 volt Battery Health Check

Maintenance Schedule

72000 km - March 2031

Factory Recommended

- e-Maintenance #1

Factory Recommended

- e-Maintenance #1

112000 km - September 2033

Factory Recommended

- e-Maintenance #2
- Replace Cabin Air Filter

120000 km - March 2034

Factory Recommended

- e-Maintenance #1

Certain driving habits, and some specific climatic and regional operating conditions may necessitate additional Dealer Recommended Services to protect vehicle components from premature wear and ultimately to increase their longevity..

Additional parts and labour charges may be recommended based on results of vehicle inspection. Prices include all required fluids but exclude applicable taxes, environmental handling and disposal fees. Pricing subject to change without notice..

Service details

e-Maintenance #1

- Check installation of driver's floor mat.
- Inspect all lights and horn for proper operation.
- Inspect wiper blades, linkage and washers for proper operation. ¹
- Check and record tire tread depth. Examine tires for damage and uneven wear.
- Remove wheels & visually inspect brake pads, calipers, rotors, brake lines and hoses.
- Rotate tires (applicable to same size wheels, front & rear).
- Remove & inspect cabin air filter. ²
- Inspect for leaks where applicable – brake fluid, coolant lines for BEV traction battery, eAxle(s), inverter(s), converter(s) and top up windshield washer fluid.
- Lubricate locks, latches and hinges.
- Record inspection results, measurements and component condition on inspection form and/or repair order.
- Reset Maintenance Reminder Light or system.

Service Connect Verification (if equipped)

- Select 2020 model year and newer Toyota vehicles come equipped with Service Connect. Service Connect allows you to keep your Toyota in peak condition with Vehicle Health Reports, Warning Light Notifications and allows your Dealer to be aware of these notifications, all through the simple-to-use Toyota App. You can set or change your Preferred Dealer through the App. To manage the alerts and notifications relating to Service Connect, follow these steps: Download and sign into the Toyota App > Select your account icon in the top right-hand corner > Select Notification Settings > Select whether or not you would like push notifications or emails for warning light notifications or vehicle health reports.

e-Maintenance #2

- Check installation of driver's floor mat.
